

DAWSON POLICE CHIEF IS KILLED

K. D. Rogers Also Dies in Effort to Arrest Keach

WARRANT FOR OFFICER CAUSE OF TRAGEDY

(Special to the Courier Journal.)

Dawson Springs, Ky., July 19.—In a shooting affray on Main street here this afternoon Chief of Police K. D. Keach and K. D. Rogers were shot and instantly killed. Keach's only shot was fatal to Rogers, while M. M. Logan, a deputized officer, fired the fatal ball into Keach.

The shooting was the outcome of a warrant in the hands of Constable Ferguson for Chief of Police Keach, sworn out by K. D. Rogers, alleging ill treatment while under arrest here a few days ago. Ferguson upon arrival in the city deputized M. M. Logan, a brother of Sheriff Tom Logan, of this county; D. F. Tribble, a former policeman here, and K. D. Rogers to assist in making the arrest.

Refused to Disarm

According to witnesses upon presentation of the warrant Keach said he would go with Constable Ferguson, but refused to be disarmed. Rogers interceded and both parties pulled their pistols, it is stated by those who saw the affair, and Rogers fired at Keach, the ball taking effect in the shoulder. Keach then returned with one shot, which was fatal, penetrating Rogers' heart.

Deputy Tribble and the Constable then caught Keach around the waist in an effort to disarm him. While the three men were struggling M. M. Logan, it is stated, shot Keach, death resulting instantly.

A suit is pending in the Hopkins Circuit Court between the two dead men, resulting from an arrest made in a restaurant of K. D. Rogers in this city some months ago.

Deputy Marshal Bittick, who was on the scene at the time the two men were killed, was placed under arrest by Constable Ferguson on a warrant sworn out by D. F. Tribble alleging Bittick had threatened his life during the melee.

Logan Surrenders

Upon arrival of Sheriff Tom Logan, of Madisonville, his brother, M. M. Logan, surrendered, stating that he killed Keach, but for the defense of the other officers and the crowd of witnesses. Officer Bittick was also taken in charge and removed to Madisonville with Logan. The bodies were removed to an undertaking establishment, where the coroner's inquest is to be held. Mayor Niles called a meeting of the City Council for to-morrow night, when an officer will be appointed to succeed Chief of Police Keach.

Keach was appointed Chief of Police in January, when the present Council took office, and had been very persistent in enforcing the prohibition law. He is survived by a wife and several children.

Rogers also leaves a wife and several children.

Many Lack Adequate Food.

It is probable that less than one-third of the earth's population get what we Americans call a "square meal" three times a day.

Assisting in entertaining was the hostess' mother, Mrs. J. C. Morelock.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dolson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dolson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Christian Church Notes

The Ladies Aid will not meet until the first of September earning a well earned vacation.

The services at the Christian church will continue Sunday as usual, altho the pastor J. S. Hawkins has joined the Third Regiment at Fort Thomas.

Mr. Edgar Arnold will give a short talk at the unified service from 9:30 until 11 a. m. and at the evening service he will give a talk instead of the regular sermon. All are urged to be present and keep the services going despite the absence of the minister and the continued warm weather.

STRIKING MINERS SHOOT OFFICERS

Illinois Sheriff Calls for State Troops When Deputy Sheriff and Citizens

WERE SHOT FROM AMBUSH

Springfield, Ill., July 18.—Sheriff McGinnis of Hardin county, today sent a telegram to Gov. Dunne, asking that state troops be sent to Rosiclare to stop violence among striking lead miners.

Sheriff McGinnis' telegram said: "For two weeks a conspiracy against lives and property has existed at Rosiclare. Have sworn in deputies, yet nightly citizens are shot at and homes shot into. Last night a deputy sheriff and three citizens were shot and seriously wounded by hidden assassians. Am unable to preserve peace, or to quell riot, which seems imminent. Two hundred armed conspirators are patrolling the streets and preventing deputies from hunting the assassians of last night."

Gov. Dunne directed Assistant Adjutant General Shand and James F. Morris, secretary of the state mining board, to take the next train for Hardin county. He wired the sheriff to meet them. He advised the sheriff he would act promptly upon their report.

FATHER VOLK OF COLON

Preached at the Catholic Church Sunday

Father Volk, of Colon, Panama, preached at the Catholic Church Sunday and spent the week here with his church people. Father Volk is a man of wide experience, having been one of the chaplains for the U. S. government crew during the building of the Panama canal. He has also built in that city a beautiful church, the spire of which is made of seashells and which is considered a rare work of art. Altho he is seventy-five years of age he is active and full of energy, thoroughly interested in everything worth while. He came to this country from Germany when a very young man and it was through his efforts that the Useful Sisterhood, which is perhaps the oldest order of that kind in the State. Last year he celebrated his golden jubilee, having been a pastor more than fifty years.

Hon. William T. Fowler Candidate For Congress

Announcement is made in this issue of the candidacy of the Hon. Wm. T. Fowler for the Republican nomination for Congress subject to the action of the voters of the Second Congressional district in the primary election to be held Saturday, August 5th, 1916.

Little comment need be made upon Mr. Fowler's character and qualification as a citizen, a neighbor, an able lawyer and judge, a man of fine sensibilities and strong intelligence, a vigorous and convincing public speaker and powerful advocate. The people of Hopkins County in large numbers know of all these exceptional qualifications of this our genial and capable neighbor of Christian county and expressions heard on all sides indicate that, if the voters can be told of his candidacy in time, Mr. Fowler will receive in Hopkins county a good, big, hearty vote in the primary.

Mr. Fowler says: "I represent no faction, and have made no alliances whatever. I propose if nominated to make an aggressive fight and, if the Committee approves it, to challenge Mr. Kitchel for a joint discussion of the issue."

That Mr. Fowler will be able to meet with credit any opponent that might offer in political debate will be accepted by all who know him and this fact will probably have much to do with the enthusiasm of his friends in polling a good vote for him in the primary.

HOME BOY WILL FILL THE PULPIT

At Christian Church During the Absence of Rev. J. S. Hawkins

Edgar Arnold, of this city, will fill the pulpit at the Christian church during the absence of the regular pastor Rev. J. S. Hawkins, who was recently appointed Chaplain of the 3rd Kentucky Regiment at Ft. Thomas. Edgar was born and reared in this town and has the love and confidence of all who know him. He is being educated for a minister and is taking a five year course at Transylvania University in Lexington.

Big Real Estate Deal

Ernest Newton sold to J. E. Evans his fine new home on Main St. near the walnut grove. Mr. Newton built this home two years ago and notwithstanding it is one of the most desirable locations in town and is one of the best houses in town, the arrangement being the most convenient and modern. Mr. Evans bought this for a home and is exceptionally fortunate in having an opportunity to buy this beautiful place. Mr. Newton will move back into the house on the corner where he formerly lived which is now occupied by E. H. Sisk. The consideration is not known but is said to be very satisfactory to Mr. Evans.

L. D. H. Rogers Here

L. D. H. Rogers who has a position with the Hercules Gas Engine Co. of Evansville Ind. was in the city today visiting relatives and friends. He was called home on account of the death of his brother Dick Rodgers, of Dawson Springs. Mr. Rodgers is well and favorably known here having served the county for a number of years in the capacity of constable and jailor, he has a fine position in Evansville and is getting along nicely and asks that all his Kentucky friends visit him when they come to Evansville.

H. G. JONES

RETURNS HOME

Henry Jones, of this city who has been with the Earlington military company at Ft. Thomas, returned home this week, Henry failed to pass the federal examination. He claims all the boys of both Earlington and Madisonville companies are in fine health and getting along fine. The small-pox situation is well in hand, Henry declared only one case developing and officers do not fear any spreading of the disease.

SOME OF THE MANY INTERESTING THINGS

To be Seen on the Bee's All River Trip to the Mammoth Cave

LEAVING SATURDAY AUGUST 26

When the Bee's party leave Evansville on Saturday, Aug. 26th, on the steamer Evansville they will start on one of the most interesting 412 mile river trips in this country. Among other things they will pass through six locks as follows: Lock No. 1 at Spottsville, Lock No. 2 at Rumsey, Lock No. 3 at Rochester, Lock No. 4 at Woodbury, Lock No. 5 at Massey Springs, Lock No. 6 at Brownsville. In addition to the novelty of passing through these locks the party will have the opportunity of viewing some of the most magnificent scenery on upper green river there is to be seen anywhere, the huge masses of rocks are piled up 200 feet high along the banks of the river reminding one of some of the old castles in England and Scotland described by Sir Walter Scott in Waverly Novels. The delightful scenery is not all; one of the chief pleasures of a river trip is to gather on the upper deck after supper watch the passing scenery by moonlight while enjoying the cool river breeze and listening to sweet strains of music from the band below.

On these river trips everyone is allowed to do as they please as long as they please to do right. Everything possible is done for the comfort and enjoyment of all and it is just like a big house party. If you wish to shoot turtles off the logs, alright, if you wish to dance, music is furnished, if you desire to play "500," go to it, if you wish to read, take kodak pictures, go in the engine room or up in the pilot house, watch the deck hands ride calves and pigs down the bank into the river, you are free to do so, and nothing is said or thought about it, as the boat crew from Capt. Williams down, want you to have a good time. When you get to the cave your baggage is looked after and you have nothing to do but eat breakfast and get on your cave suit preparatory to taking one of the routes.

If you have ever been in Mammoth Cave you will never forget it. If you have never been you will always regret it. It is one of the greatest of nature's many great wonders, people come from all parts of the country and from across the ocean to see this wonderful subterranean cavern and are astonished at its magnitude and grandeur. Mammoth Cave lies at your very door and you will have an opportunity to see it under the most favorable circumstances by going with the Bee's party on Saturday Aug. 26th. The cost of the entire trip with all expenses paid will be \$17.50 from Earlington and \$15.00 from Evansville. Anyone wishing to take this trip may do so by sending their name and \$2.00 on or before Friday noon Aug. 25th so their state room may be reserved. A special coach will be put on Train 52 at this place Saturday, Aug. 26th and on Train 93 at Evansville Wednesday night Aug. 30th, for the accommodation of the party. For further particulars call on or address "The Bee" Earlington, Ky.

Tennyson's First Acceptance.

Mr. Arthur Symonds has been con-
fessing that his first poem was writ-
ten at the age of nine. Tennyson be-
gan even earlier, for his first remem-
bered lines were composed when he
was only five. One of his earliest at-
tempts was an elegy upon his grand-
mother, which he showed his grand-
father. The old man put ten shillings
into the boy's hand and said: "There,
that is the first money you have earned
by your poetry, and, believe me, it will
be the last."

Linen Almost Indestructible.

Linen will last for centuries. Linen
fabric 4,500 years old has been found
in the tombs of the Egyptian kings.
In the olden times it was practically
the only cloth used, probably because
of its cleanliness. It was known in
Winchester, England, in 1272. In this
country there are nearly 50,000 persons
employed in the weaving of linen.

Short on Birthdays.

Arthur was born on February 29, so
his birthday comes but once in four
years. At his first day in school, having
been asked his name, address, etc., he
was further questioned as to his birth-
day. "My birthday was the last day in
February, two years ago," was his sur-
prising reply.

A GOOD COM- BINATION

The Rocking Chair, the Mad-
isonville Messenger, the
Earlington Bee and
McCalls Maga-
zine

ALL FOR THE SMALL

SUM OF \$3.00

Read this wonderful proposition.
From now until August 25th the
Earlington Bee or the Madisonville
Messenger will give to anyone in
Hopkins County for the small sum of
\$3.00 the following combination.
One handsome rocker worth \$4.50,
one years subscription to McCalls
Magazine worth 50 cents, one years
subscription to the Madisonville Mes-
senger (twice-a-week) worth \$1.00
and one years subscription to the
Semi-Weekly Bee worth \$1.00, a to-
tal of \$7.00 value all for \$3.00.
You can't afford to neglect this propo-
sition. Think of it, two good semi-
weekly papers, a popular Fashion
magazine and a splendid serviceable
rocker for less than the retail price
of the rocker. Call at the Bee Office
in Earlington or the Messenger Office
in Madisonville and see the chairs and
a sample copy of McCalls Magazine.
Remember this proposition closes on
Friday, Aug. 25th, better take ad-
vantage of it now.

Elimination or Assimilation

Proper assimilation of the food in-
sures a healthy body, but assimilation
depends on elimination. If the dregs
and debris of the body are not prop-
erly eliminated for any cause, then poor
and difficult assimilation must follow.
Bile is Nature's antiseptic. It en-
ters the duodenum or second stomach
where it is mixed with the food. It
emulsifies the fats and inhibits further
bacterial growth. It kills the germs
of disease—it lubricates the bowels,
thus favoring normal elimination.
But let that poor, over-worked liver
become clogged and the bile escapes
with the blood and is carried to all
parts of the body. It is poison in the
sense that it causes us to feel bad—
to look bad—to sicken.

Remember that the liver is a strain-
er for the blood. It takes out the old,
unfit debris and deposits in the gall-
bladder where it is fed to the duode-
num as needed. But if the liver clogs,
then the bile is not strained from the
blood and is carried to all parts of
the body. It shows in the coated tongue
—in the tired-all-gone feeling that
wakes us half our real selves and mis-
erable.

Start the Bile

We take some mollycoddle medicine
that tastes good—then we take an-
other and another. What we need is
an old-fashioned liver medicine—a bile
starter.

Charlsted's Liver Powder is a 70-
year-old medicine, in powder form put
up in bottles. Put a spoonful in a
glass of water and take it tonight.
The frown that comes as you taste it
becomes a big, broad smile tomorrow,
because you know that you have found
the old-fashioned bile starter. The
smile broadens every day as you feel
better and better. Go get a 25c bot-
tle—try it. See for yourself what it
means to start the bile. No, it won't
sicken—nor gripe—nor salivate—nor
doze—it isn't that kind.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

Every family without exception
should keep this preparation at hand

now. Obtainable everywhere.

The Chronic Shopper.

It was a chronic woman shopper
who selected some purchases in a
store, asking that they be kept for her
until the next day. When she re-
turned she could not remember who
waited on her. After puzzling over
the matter she approached a salesgirl
and asked: "Am I the woman who
bought some embroidery here yester-
day?" "Yes'm," replied the girl,
stolidly, and turned to get it.

Mankind's Three Lives.

"A man lives three lives—youth,
manhood and age," philosophically
stated Professor Pate. "Youth is the
rising sun of life, when he thinks of
what a heck of a feller he is going to
be; manhood is the sun at full meri-
dian, when he is satisfied that he is
indeed a heck of a feller; age is the
setting sun, when he sags around and
brags about what a heck of a feller he
used to be."—Judge.

Prince Albert is sold everywhere

PRINCE the national joy smoke **ALBERT**

R. J. Reynolds Tobacco Co., Winston-Salem, N. C. Copyright 1916 by R. J. Reynolds Tobacco Co.

P. A. puts new joy
into the sport of
smoking!

YOU may live to
be 110 and never
feel old enough to
vote, but it's cer-
tain-sure you'll not
know the joy and
contentment of a
friendly old jimmy
pipe or a hand rolled

cigarette unless you get on talking-terms
with Prince Albert tobacco!

P. A. comes to you with a real reason for all the
goodness and satisfaction it offers. It is made by
a patented process that removes bite and parch!
You can smoke it long and hard without a come-
back! Prince Albert has always been sold without
coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette
enjoyment! And that flavor and fragrance and
coolness is as good as that sounds. P. A. just
answers the universal demand for tobacco
without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder
than to walk into the nearest place that sells
tobacco and ask for "a supply of P. A." You pay
out a little change, to be sure, but it's the cheer-
fullest investment you ever made!

Public Speaker Must Be Trained.

A school authority on oratory says:
"The acquirement of this art is by no
means an easy matter. The speaker
must be able to employ just the right
word to express the exact shade of
meaning. He must have the proper
temperament, a pleasing voice that can
adapt itself to every emotion, and ab-
solute control of the muscles of the
body and face. All this comes only as
the result of hard and persistent
work."

Quite Enough.

Window dressing as an art some-
times enlists the aid of humorists, says
the New York Evening Post. One
such found it incumbent upon him to
make the window of a cigar shop in
Liberty street conspicuous the other
day. He took a capacious cigar box,
filled it with nondescript cheroots of
the genus stogie, placed it in the win-
dow, and added this sign: "1 Cent.
Enough Said."

Much Damage Done by Coyotes.

The annual losses of live stock on
the national forest ranges of the West
due to predatory animals are over
\$500,000. Approximately 75 per cent
of the sheep losses are due to coyotes.
Mountain lions are charged with kill-
ing only a few head of cattle and
sheep.

The Perfect Corn Flakes

New Post Toasties are not only inexpensive but they bear a new delicious-
ness, produced by a new process of cooking—the first to produce corn flakes with
the self-developed true corn flavor.

So fine is this flavor that New Post Toasties are wondrous good eaten dry.
Unlike common corn flakes, they do not require cream and sugar to make them
palatable. Try some that way—you'll appreciate the point, though they're
even better when served with cream or good milk.

These New Post Toasties don't mush down in cream, and they are not
"chaffy" in the package, like common flakes. They're new in form, new in fla-
vor, and new in appearance. Note the tiny bubbles on each flake—an identify-
ing feature.

Put up in wax-sealed packages, New Post Toasties retain their oven-crisp-
ness and flavor until served at your table.

Have your grocer deliver a package for tomorrow's breakfast.

EXPERIENCE OF KENTUCKY WOMAN.

Louisville, Ky.—"I have been much benefited by the use of Dr. Pierce's Favorite Prescription. When in a run-down, nervous condition I saw 'Favorite Prescription' advertised in the paper. The use of one bottle gave me very marked improvement and I am glad to endorse it. It is a good medicine and seems to be just as advertised."—MRS. LILLIAN ZWYERDORF, 2233 Bank St.

An affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and an undermined constitution. The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" is for inflammation and female weakness. It makes weak women strong.

Middle aged women about to experience that dreaded change of life, should profit by the experience of thousands of noble women who have gone through the same period with little or no pain, misery or discomfort.

Dr. Pierce's Favorite Prescription is and has been for nearly 50 years just the medicine. It is not a secret prescription, for its ingredients are printed on the wrapper; it's a temperance medicine, a glyceric extract from roots.

Get the "Prescription" today—either in liquid or tablet form—if you want to better your physical condition speedily.

Dr. Pierce's Pellets regulate stomach, liver and bowels.

You can have Dr. Pierce's Common Sense Medical Adviser of 1008 pages for 30 cents or three times. It treats of Sex, Hygiene, Marriage, Anatomy, Physiology, etc. Address: Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

SOCIETY

In honor of her daughter Eleanor's 12th birthday, Mrs. F. B. Arnold gave a Matinee party at the Idle Hour Theatre Monday afternoon. Those who enjoyed this pleasant little affair were: Clara Cloyd, Sara Beth Mothershead, Mary Moore, Mabel Wyatt, Louise and Virginia Newton. After the show the party returned to the Arnold home on Main St., where they were joined by Mrs. Evans. A tempting lunch was enjoyed.

Miss Kathrine Victory entertained Friday afternoon in honor of Mrs. Montgomery Holeman. The rooms were attractively decorated in summer flowers. At the conclusion of the interesting games of Rook an elaborate two course luncheon was served. Miss Mary Ross won the prize, a beautiful earthen flower bowl. The honor guest was presented with a beautiful silver picture frame. The guests included, beside the honoree, Mrs. Robert Schlottman, Misses Louise McPherson, Mary and Margaret Ross, Lucy Fawcett, Nell Dulin, Margaret Atkinson, Frances Elgin, Mary Ruby Morton, Lurline Coil, Mary Jane Rho'son and Margaret Dudley.

A number of Earlington women attended a Bridge and Rook party Friday afternoon given by Mrs. Fred Reinecke and Mrs. John Grayot in honor of Mrs. Florence Allyn.

While in Bowling Green Mrs. G. W. Mothershead was honoree at several interesting parties given by one of the instructors at Formal, several well known literary folks were present and gave a number of readings. Miss Minnie Bourland was host of an automobile party to Shakertown, where an al-fresco supper was served.

Miss Cornelia Fenwick gave a charming 500 party at her attractive new home on Main street. Beside the honorees, Misses Kathleen Corey, Billy Thornton, Mabel Rayborn and Evangeline McMillan, those present were: Misses Mabel Browning, Agnes Lynn, Lucy, Hazel and Julia Fawcett, Elizabeth Long, Francis McElfatrick, Gladys Whitford, Ida Lee Sisk, Margaret Atkinson, Mesdames Elgie Sisk, C. G. Trahern, Marion Sisk, Gilbert King and Harriet Browning. An ice course was served.

A picnic party composed of Mr. and Mrs. M. B. Long, Mr. and Mrs. W. E. Ashby, Mr. and Mrs. G. W. Wyatt, Dr. and Mrs. A. O. Sisk, Mr. and Mrs. H. L. Browning, Mr. and Mrs. J. L. Long, Mrs. N. I. Toombs and son, Miss Annie Ashby and Dudley and Edith Owen Sisk and Helen Browning enjoyed an all day outing at Lakeside Park Thursday.

Miss Margaret Mitchell was hostess for a delightful Theatre Party Friday evening for the visitors in town. After the show the party went to the Mitchell home on R. R. street, where a delicious Ice Course was served.

Mrs. Dick Meacham has returned from a visit with relatives in Cleveland, Louisville and Ft. Thomas.

In honor of Mrs. Atwood and Miss Lula Atwood the A. G. Spillman and Professor and Mrs. Dudley, Miss Margaret and Hal enjoyed an all day picnic at the park on Thursday. The good times began early for these energetic folks were out early cooking breakfast on the banks Lock Mary. Hammocks constructed by the men and swung between the beautiful trees added much to the days enjoyment.

Taking Big Chances

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamship. Attack of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

NEW ROCKERS

The BEE has enough Rocking Chair to put one in every home in Earlington, and they are good rockers too. These chairs are substantial, well made, well varnished and comfortable, they are worth \$4.50 but we are giving them to every party who pay one years subscription to the Bee and \$1.50. In addition to this we will give you your choice of Today's or McCall magazine.

This is undoubtedly the best premium proposition we have ever been able to make, and you should take advantage of it now. When the young ladies who are working for the Mammoth Cave Green River Trip call on you for a subscription to THE BEE give them \$2.50 and they will send you one of these handsome rockers and give you a free years subscription to the Today's or McCall magazine. When you do this you help them win the trip and yourself to a nice rocker that would cost you doubtless the money from any furniture store.

Learning From Tumbles.

It does not matter how many tumbles you have in this life, so long as you do not get dirty when you tumble. There is the greatest practical benefit in making a few failures in life. You learn that which is of inestimable importance—that there are a great many people in the world who are just as clever as you are . . . and you very soon find out if you have not found it out before, that patience and tenacity of purpose are worth more than twice their weight in cleverness.—Huxley.

Couldn't Meet Requirements. Mose was desirous of opening a groghop in his town, and sought a license. The commissioner listened to his plea. "All right, Mose," he said, "the fee is fifty dollars. And, of course you have to get the consent of seventy-five per cent of the people in that block." Mose looked a trifle puzzled. "Less see, sah," he said, "red's Jim an' Sallie an' de fat Joneses—dat's six—why, mister, dey aint seventy-five per cent of people in dat block, sah!"

Scoured a Church.

A fine old church in Boston, which has received many coats of paint since it was built in 1810, has recently been scoured from top to bottom. The removal of the old yellow and gray paint revealed a finely laid masonry, much better to look at than its late coverings.

Fiction and Fact.

HE FORGETS BUT SHE REMEMBERS

Wife Recalls Wonderful Remedy When This Man Had Failed

"My wife and I had been discussing Tanlac for a long time," said Amos Hepzler, of 29 Schaeffer St., Dayton O.

"We were both attracted by the wonderful endorsements it had received. I had suffered from indigestion, constant dull headaches, and bad circulation for nearly a year. Every morning I awoke with a coated tongue and bad taste in my mouth. I tried under small exertion, I was bilious and suffered from a general lassitude. In short, I was 'down and out.'

"I believe Tanlac would be good in your case," said my wife at supper one evening. I didn't know whether it would or not, but I decided to try it. However, I forgot. But not so my wife. The next night when I sat down to supper my wife had put a bottle of Tanlac at my plate.

"I started taking it right then. Now Tanlac is at my plate for every meal. I have taken two bottles and it has done wonders for me. My appetite is better than in years. The assimilation of my food is good. I have no more of the old, fierce headaches that even strong headache powders would not stop. I do not tire even with a hard day's work. My entire system has been toned up and I know it.

"I am recommending Tanlac because it does the work."

Mr. Hepzler is an attaché of the great Maxwell Motor Company plant, where scores of his fellow workers have noted the improvement in his condition.

Tanlac may be obtained in the following nearby towns: Earlinton, Geo. King & Sons; Madisonville, Gardner & Bowmer; Mortons Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker.

How Some Movie Producers Coin Money

In the August Woman's Home Companion are printed a few of the nineteen thousand responses that came to the editor's request for support in a campaign for cleaner movie films. One writer says:

"I think I may fairly say I have given a great deal of study to the motion picture industry. I think its possibilities are absolutely untold. However, gnawing at the very vitals of his great institution is the insidious attempt on the part of certain film producers to play upon what I honestly believe is a minority interest in the off color, picture.

Today in front of our immense factory where close to one thousand girls pass out at noon was displayed an advertisement for a vulgar, suggestive production tonight and in just as large letters as the advertisement of the production itself were the words, Adults Only.

On our main street I have seen flaunted advertisements of film productions where children were admitted, that even adults ought to have been ashamed to look upon.

Please understand I am not a prude. It is not because or any personal hurt that I write, but simply because I believe in the wonderful possibilities of the film industry, and I know that you have taken the step that must be taken if the industry is to be saved.

Biliousness and Stomach Trouble
Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyke, Lima, Ohio. I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from fainting. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly. Obtainable everywhere.

Nothing New.

An Atlanta girl's fiance existed only in her mind, which is nothing new, only many girls do not find it out until after marriage.—Indianapolis Star.

Aerial Torpedo is Built by Western Inventor

What may eventually prove to be a highly effective war implement, and, if so, possibly render present heavy artillery obsolete for long-range operations is a self-controlled aerial torpedo that has lately been developed in Colorado. It is described in the August number of Popular Mechanics Magazine. In a general way, the instrument attempts to accomplish over land what the United States Navy's new wireless torpedo does at sea. Its principle and method of operation, of course, are entirely different. As is to be inferred, it consists of a small aircraft much like an ordinary dipplane—carrying a large, high-explosive torpedo which it is designed to drop at any predetermined spot within a certain radius. The projectile, which is about 12 ft. in length, forms the body of the machine and is divided into two compartments. The propeller is mounted at the front end of it, while the shaft extends through the entire torpedo to the rear compartment where an 18-hp. motor is housed. The speed and course of the machine are regulated by means of a gyroscopic mechanism, while a timing device of some sort releases the engine-containing missile at the proper instant for it to strike its target.

Constipation and Indigestion
I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

"Favorite Son" Old Expression.
The expression "favorite son" in the politics of this country is hoary with age. As far back as 1789 Washington was called the "favorite son of liberty" by a New York city journalist. In 1825 John Randolph, the wit and orator of Virginia, was referred to as the "favorite son" of that commonwealth. From then on the terminology has been common.

Summer News From University of Chicago

(By Leo Salmon)

There are enrolled in the University of Chicago this summer eight hundred more students than for any other quarter in the history of the University. This brings the number in residence up to nearly six thousand.

An alphabetical thief traveled along fraternity row recently, stealing eighteen signs from the doors of Greek letter houses. Each sign was worth approximately fifty dollars.

R. F. Hoxie, associate professor of political economy, committed suicide a few days ago. Prof. Hoxie was widely known in educational and political circles. He was a deep student of labor problems; and it is supposed that worry over the justice of his economic conclusions was the direct cause of his act.

University of Chicago trustees have announced that a plan for military instruction has been approved and will be put into operation this fall.

Thieves with a literary turn of mind carried off one hundred and fifty volumes of Galsworthy, Shaw, Chesterton, Bennett, Wells and Kipling from Harper Library last week.

Lorado Taft, the noted Sculptor and art critic, has just completed a series of lectures on art subjects here.

Mary Pickford and Billy Shanks, a student whose home is in Louisville, Kentucky, led the grand march at the University of Chicago Settlement dance in Bartlett Gymnasium Saturday night. Miss Pickford presented a pathetic little figure as she stepped from the car into the curious crowd that thronged the streets in front of the Gymnasium. She maintained her sweet graciousness of manner, however, even when admiration became so frank that it was almost rude. A smile to one, a flower to another, and a wave of her hand to a third—she dispensed her favors impartially. There was just a suspicion of freight in her blue eyes, when a little later she faced the hundreds of college students for a speech lasting not longer than thirty seconds: "I am not the speechmaker some of you people are," she said; and her voice sweet and low, but clear, trembled slightly. "My part is the silent drama. They won't let me appear in public often. I do feel nervous about meeting so many people, but have always been regretful about that time I went through Chicago and refused to see the people at the station. I just got scared and was so tired, and I'm always afraid people will be disappointed in me. But it has all been so nice that now I wish to do it often." "Our Mary" is small, almost tiny in fact. She has dark blue eyes and a wealth of golden curls. She wears neither jewels nor make-up. Her manner is simple, unassuming and girlish. Her winning smile and sincere desire to please have captured every heart in Chicago; and her right as queen of the Moxie Convention, which has just closed here, will be unquestioned.

Prisoner's Idea of Real Music.

"Red," who is working on the chute at the quarry, says he has heard selections from "Il Trovatore;" he has also heard "Susie's" band, and incidentally, our prison band, but that turkey sizzling on the plate Thanksgiving Day was real music to him.—From the New Era, published at the Federal Penitentiary, Leavenworth, Kan.

The creaking of a door may be instantly stopped by rubbing the hinge with a piece of soap. It does not spoil the looks of the paint as if oil were used.

RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employees on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employees is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employees.

On all the Southern railroads in 1915, seventy-five per cent of the train employees earned these wages (lowest, highest and average of all) as shown by the payrolls—

The average yearly wage payments to all Southern train employees (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers..	\$2144	\$1712	\$1313
Conductors..	1723	1488	1157
Firemen..	1096	865	688
Brakemen..	1013	845	868

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employees) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employees' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

Police Deadline.

The police "deadline" in New York city, the especially guarded section which includes the financial district, covers the territory of Manhattan Island below Fulton street. The original use of the word "deadline" was to designate a line drawn around the inside or outside of a military prison, which no prisoner could cross without incurring the penalty of being immediately shot down. The word was especially used in the Civil war of open-air inclosures or prisoners' stockades.

The Astor Family.

The Astor family is descended from John Jacob Astor, who was born at Waldorf, a village near Heidelberg, Germany, in 1763. He came to New York in 1783. Astoria was the name of the Oregon trading station which he founded in 1811, 100 miles northwest of Portland, on the Columbia river. Its derivation is obvious.

Daily Thought.

What does your anxiety do? It does not empty tomorrow of its grief, but it empties today of its strength. It does not make you escape the evil; it makes you unfit to cope with it if it comes.—Ian MacLaren.

Should Be Fried on Both Sides.

From the Rockefeller Institute comes the statement that if an egg is fried on one side only there are so many bacteria which take refuge on the unfried side that they may make one ill, but if the egg is cooked on both sides the bacteria cannot escape death and the egg may be eaten with no fear of the consequences.

Linnet a Fighting Bird.

Linnet are great fighters. They are deadly enemies to the butcher birds, and are seldom beaten in a fair fight. Save ostriches, perhaps, they are matches for any bird. But, anyhow, no ostrich could ever catch them.

Oyster Shell Window Panes.

Most remarkable of the Philippine mollusks is a species whose shells are used in the islands for window panes. It is a bivalve, six inches in diameter, somewhat like a clam. A living specimen, freshly taken from the water, is so flat and thin that, by holding it up to the light one can, it is said, look through it.

Optimistic Thought.

Life is made more agreeable by alternate occupation and leisure.

Treating Rat Bite Fever.
Rat bite fever is now recognized as a distinct disease. The organism that causes it was discovered and isolated two years ago and called Streptothrix muris ratt. Upon being bitten by a rat the wound should be cauterized as soon as possible. If the fever appears, salvarsan is administered. Dr. Wilder Tileston of New Haven says in the Journal of the American Medical Association that this results in 83 per cent of cures.

Fastidious Snuff User.
Lord Petersham, famous among dandies, made a wonderful collection of snuff and snuff boxes, and was fastidious in his choice of a box to carry. Once when a light Sevres snuffbox which Lord Petersham was using was admired the noble owner replied, with a gentle lip: "Yes, it is a nice summer box—but would certainly be inappropriate for winter wear."

On Life's Journey.
How the view changes as we pass along the great road.—At first only the hills are visible, rosy and radiant under the enthusiasm of youth, then the level plains come into sight flooded with the light of midday, then slowly we slip into the valleys where the long shadows fall like memories across our hearts.—Selected.

Optimistic Thought.
It is good to labor, also to rest from labor.
